Q: Android viewpager with images loading I am using viewpager with fragments. Now it is no issue, but what to do with images. Can anyone point me to any example of images loading. I have to load 20 images for the each fragments. A: viewPager with static images. for that, you can try this example:

```
public class MainActivity extends Activity
implements OnPageChangeListener,
ViewPager.OnPageChangeListener { private
ViewPager mViewPager; private List pageBeanList;
private CustomPagerAdapter adapter; @Override
protected void onCreate(Bundle savedInstanceState)
{ super.on
```
