fishing planet winter pike pack

I 100%d the game in 55 minutes....

This is an OK puzzle game. It's short, the music is repetitive (with one track), there are almost too many achievements (about 2 or 3 appear each time you beat a level), the levels are pretty easy, and the style is simple and minimalist.

Some of the levels may require thought and planning, but a significant problem is that levels can also be completed by basically trial-and-error guessing, seeing which moves appear to move closer to the goal and which lead into dead ends.

I wish there were a little more ambition to the game's design, but to its credit, there are a few unique block mechanics that add to the complexity of the gameplay.

Still, I would say this was a decent, relaxing, nothing-too-crazy type of simple puzzle game; an OK experience.. Excellent game so far! Beautiful and inventive art. Only downside so far is I wish w,a,s,d keys would move the map. I find myself getting fingertied at times. Otherwise great though.. Survivors is an oddity and a throw back to times past.

The God game genre historically has been a mixed bag of either wonderous gems or utter train wrecks with very few finding the middle ground.

Survivors, though still in early access has amused me, it's made me remember simpler days of gaming and it has made me smile. It is certainly rough at the moment, and it has it's fair share of bugs, but as the Dev is so very active you can just pick out a glimmer of a gem underneath, patch by patch it shines a little brighter.

It's never going to be a cult hit, but as of this moment I can say it has fully surpassed in terms of enjoyment another more high profile & fully funded God game made by one of the industries stalwarts.

1 cent was totally worth for it !!!!!!!!11!!!!!!!!!!

BUY IT!!!!!!!!!!!!!!. Over all good game

but I can see some minor problems

1. Hunger and thirst gose down to fast

2.some of the animals are to op

3. This is the last reason and that is when ever I die, quit, or start a game it opens a tab for lif on a website (if you know how to fix this without the developers editing the game put it in the chat)

I also have some notes for what to add

- 1.I saw the meeracats and rabits had burrows but they are all the same maybe you could make more then 1 burrow
- 2.all the totems are facing one way maybe you could randomly make them face different directions
- 3.lastly I would like homes for more animals it seems bad to see animals like wolves loins and bears out in the open because they all have dens in real life so maybe you could add those. Well designed levels that can keep you thinking for a bit combined with really good art and sound. The random puzzle game modes are very enjoyable aswell.

Playing it with the steam controller works perfectly.. Recommending this short experience as it is free – no particular problems other than grabbing some items did not seem to register normally from time to time.

Howerver it would be nice to have the ability to teleport (or some tool to fetch items) for people that don't have large rooms to get to places out of reach. I had problems getting the red cube that bounced outside of the play zone when it first appeared and had to restart. Also had an issue when I dropped the candle by example – there was no way to get it back (other than restarting).

For your reference the room setup was exactly 2 X 2 meters.

Ok this is a new released TD game and i did first 3 zones and its still dumpster ive played most TD's every things clunky in this its kind of pathetic you expect a decent TD but ya dont... like strategy really? u can only put towers in like 5 spots a map.. this is utter\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665

2/10. This game was actually f***in awesome. I had a blast. I bought to play on stream, hoping it would give me an hour or two of fun, but unsure of it. However, I ended up playing 'till I beat it. Nearly ALL the bosses were super cool, love the deisgn. The Puppeteer was a bit annoying just because it took so long to get to the harder part and once you die you gotta do it all over again, but other than that, no complaints. Maybe maybe Scourge harder, I spent legit 6 times longer on the Silenced than him aha.

10\/10, best bullet hell game I have EVER played, hands down.. Cheap and semi-fun game but it's a little bit hard. This "artbook" isn't what I expected. . . in a bad way. It is a 24-page PDF which is downloaded to Attractorache's install directory. It features seven images of the girls, and sixteen images of space. The space pictures look great, but I didn't buy the "Artbook" for space pictures, I bought it for the content I was promised.

There are [no] original words, [no] game development stories, and [no] "game introductions".

To be fair, there are more than five "exquisite" screenshots. . . but the whole PDF is nothing but screenshots. It doesn't need to be a PDF. I'd like to have seen the screenshots on their own, say in a folder, in a format one could read or use without PDF-software.

The space pictures look really nice. I'd use them for a background, if only they weren't stuck in a PDF document. The girl pictures look okay, but I can get similar (if not the same) pictures by just playing the game.

The issue with this DLC is false-advertising. Not only is the description wrong, but there are no screenshots which relate to this "DLC's" content. The content of this DLC seems a little underwhelming. . . I think that most people don't buy Attractorache for the space theme.. The dark souls of videogames.. This game is utterly amazing.

IMPORTANT: The main thing you need to do after buying it, is to make it run under Windows 10. There are ways. I personally recommend this: https://steamcommunity.com/app/33570/discussions/0/35221584425332491/

There are not many games so enjoyable even 16 years after release. I am still coming back to this game every few years and spend 30 to 100 hours.

What is so special about Patrician 3? It was made by a German developer with GREAT care and a lot of love paid to details. It has nice 2D graphics, good sound effects and amazing gameplay.

There is a well-simulated economy and a huge variety of activities to immerse oneself into. A feast for the mind. If you know how good it feels to excercise your mind, you will fall in love with this game.

This game teaches you that if you care about people and make them happy, you can rise in society. You can also rise if you care about your town and improve it. You can also rise if you outsmart your competition and expand your company. You can also rise if you are a crap of a person but know which strings to pull and how to manipulate the public opinion. Just like in real life.

None of your actions here remain unnoticed. Reputation is the key.

The "dark side" is also possible. Get ready for pirating, bribes and brutal politics.

You will like this game if you like developing things and making something better.

Patrician 3 is so rewarding and so well-made that I would recommend it to anyone, who likes economic simulators, ships, business development and products made with a lot of love and care.

P.S.: Every time you return to game (i.e. load), make sure you take a bath and pray at the church. You are welcome.
